

Client: Qatar Red Crescent Society (QRCS)

Team: Al Anoud Al Khulaifi, Fatima Al-Haddad, Deema Al-Mohanadi

Course: Information Systems Consulting Project (Spring 2025)

User Stories

User Story	Priority Level
1. As a visually impaired donor , I want to be able to easily go through all the steps within the donation process using the VoiceOver tool, so that I can donate to a project I choose.	Essential
2. As a visually impaired donor , I want the VoiceOver tool to be able to easily read the project details so that I am aware of which project I am donating to.	Essential
3. As a visually impaired donor , I want all the visual elements within the donation process to be clearly readable by the VoiceOver tool, so that I can navigate seamlessly within the process.	Essential
4. As a general donor , I want to be able to easily go through the donation process, even with the new interface changes for accessibility, so that I can donate to a project I choose.	Essential
5. As a QRCS IT staff member , I want to be able to replicate the new accessible donation interface, so that I can implement the UI changes in the official QRCS application.	Non-Essential
